

April 1, 2020

As the Coronavirus (COVID-19) affects nearly all regions around the world, Loomis Express continues to monitor the situation closely, establishing protocols and guidelines to minimize the impact whenever possible to our customers, employees and our infrastructures. In the face of the challenges Loomis Express is working to maintain a reliable delivery service internationally for you and your customers with shipments leaving the country.

We are all navigating these uncertain times and as they continue to evolve we have seen significant reductions or complete cancellation of flights in most countries. Confronted with the increased costs caused by the disruption in the global airline industry and limited availability. Loomis Express will temporarily and until further notice levy an **Emergency Situation Surcharge** to all International and USA bound shipments.

Starting April 1, 2020, this Emergency Situation Surcharge will be valued at 8.5% of the freight cost and be applied in combination with the normally assessed fuel surcharge.

Please see example below of how the charges will be assessed on April 1, 2020.

Effective Date	2020 Tariff FSC	ESS Charge	Total FSC Tariff charge	2020 Percent off FSC	ESS Charge	Total Percent off FSC
